Career and Technical Education

Student Recognition

The Division of Instruction proudly recognizes students in the Career and Technical Education and JROTC courses for their outstanding achievements. We congratulate the faculties of our secondary schools for providing the leadership which distinguishes our Career and Technical Education Department as a leader in the Commonwealth.

This booklet of recognition is a chronology of student achievement, recognizing first, second, and third place winners at the state level and all place winners at higher levels. We salute the parents and teachers for making the 2010-2011 school year a tremendous success in Career and Technical Education and JROTC.
