

Algebraic Terms Activity:

Use your notes, text, and online tools to find definitions for the following algebraic terms.

coefficient
equation
expression
exponent
inequality
term
dependent variable
independent variable
variable

Create games matching terms to examples and/ or definitions.

Examples would be:
bingo type boards with slips for calling out verbal expressions.
concentration type matching game boards.
Jeopardy type game
crossword puzzles
seek and find puzzles

You may use online tools to help create these games.

Play the games in class. Assess the games and revise them. Use the games as a review.
